

## MERCHANTS INDORSE GENERAL SALES TAX

Senate Committee Hears Arguments for New Revenue Proposal.

### ONE PER CENT. FAVORED

Emphasis Laid on Equity, Productivity and Ease of Administration.

Special Despatch to THE NEW YORK HERALD.  
New York Herald Bureau.  
Washington, D. C., May 9.

A general sales tax is the most desirable, equitable, productive and easily administered form of new revenue that can be devised to meet Government needs it was contended to-day by witnesses appearing in its favor before the Senate Committee on Finance in the first formal revenue hearing in the present Congress. Charles E. Lord of New York, drygoods merchant; Hugh Satterlee of Philadelphia representing the trades council of the Manufacturers Club and A. J. Kelly of Pittsburgh speaking for organized real estate interests, were witnesses. The hearings will be continued to-morrow, when both advocates and opponents are to be heard.

The witnesses agreed in advocating a general turnover tax of 1 per cent. on goods, wares and merchandise, which they estimated will raise annually \$1,500,000,000 in tax. The said Government actuaries arrived at the said estimates.

Unqualified support for it was manifested by Senators Smoot (Utah) and Watson (Ind.). Other Senators did not indicate their positions. Incidentally the discussion involved arguments regarding possible reduction of surtaxes on incomes, the witnesses favoring abolition of taxes running higher than 20 per cent.

Summarized, the arguments presented were:

That a general sales tax is equitable, whereas present taxes, both specific consumption taxes, income taxes and excess profits taxes, are inequitable.

That in the long run the Government will be the gainer by a sales tax and that the taxpayers will be relieved of discriminatory taxes.

That the sales tax is simple of administration, economical in collection, requires no expert advice in making returns and thereby does away with a vast expense now involved both in fees to tax experts and in the auditing forces of the Internal Revenue Bureau.

That it is not an additional tax, but a substitute for present discriminatory specific consumption taxes.

Each of the witnesses by a coincidence had been opponents of the sales tax until they began a study of it, one saying "the arguments against it had convinced him of its soundness and desirability."

It was shown that in no case would it aggregate on all turnovers more than 3 per cent. total tax. In most instances it was said it would be much less.

Senator Penrose indicated that the committee has received arguments in opposition from labor organizations, fraternal societies and farmers.

"The opposition will melt away," Mr. Lord said, "if the system is tried out. That has been the experience in France and in the Philippine Islands under their sales tax system."

## GIRL HURLS ERASER AND STARTS TROUBLE

Boy Beaten by Pupils and Teacher Dismissed.

Special Despatch to THE NEW YORK HERALD.  
MILWAUKEE, May 9.—When a girl threw an eraser at twelve-year-old Walter Neusen in class she stirred up a lot of trouble. According to the reports of the incident, Walter threw it back. It struck another girl and a scuffle followed.

Miss Hattie Simons, the teacher, is alleged to have interfered at this point and to have ordered the pupils from the room. The shades were pulled down, say the other children. Miss Simons, with the boy and two girl pupils, remained in the room.

The children outside heard Walter's cries and several boys tried to get into the room. Later Walter was carried outside and left lying insensible under a tree, his nose bleeding. He was revived by Miss Gertrude Heller, school principal, and carried to his home.

It is charged that Miss Simons held the boy while two of the girls beat him. She denies the charges, but the Brookfield school board refused to accept her statements and ordered her discharged.

**BARNEY JACOBS ARRESTED.**  
BOSTON, May 9.—Barney Jacobs, wanted in New York on a charge of larceny of \$3,200 from Schulman, Bayer & Co., was arrested here to-day as a fugitive from justice. This is alleged to have obtained advance payments on orders given by the company and failed to make deliveries. Four other men are said to be held in New York in connection with the case.

**SENATE PASSES COAST BILL.**  
WASHINGTON, May 9.—Payment to Massachusetts of \$233,000 for expenses of fortifying its coast and harbors during the civil war would be made under a bill by Senator Dodge, Republican leader, passed to-day by the Senate. It now goes to the House.

**Automobiles Stolen.**  
The following autos were reported stolen in a report sent out last night by radio from Police Headquarters:

Stearns touring; license No. 250148 N. Y.; motor No. 25317.

Chandler, 7 passenger; blue; license No. 121141 N. Y.; motor No. 82647.

Chandler, 1914; roadster; license No. 164732; motor No. 60000.

Chevrolet, 1920 touring; green; license No. 204691; motor No. 42700; initials G. M. on sides.

Hudson, 1918, touring; license No. 182697; motor No. 63807.

Chevrolet, 1920, roadster; license No. 60698 N. Y.; motor No. 24047.

Stutz, 1918, runabout; blue; license No. 100341 N. Y.; motor No. 24467.

Ford, 1921, sedan; license No. 1879 N. Y.; motor No. 494639.

Ford, 1918, touring; license No. 218429; motor No. 80018.

Indecon, 1920, touring; license No. 161625 N. Y.; motor No. 38168.

Ford, 1920, sedan; license No. 164660 N. Y.; motor No. 493117.

Ford, 1924; license No. L470; motor No. 100000.

Buick, 1918, sedan; green; license No. 117346 N. Y.; motor No. 40723.

1918 license plates: No. 170450 N. Y. Last license plates: No. 250344 N. Y.

Mayeur, 1917, touring; license No. 51123 N. Y.; motor No. 2581.

Chevrolet, sedan; dark green; license No. 140179 N. Y.; motor No. 25271.

Ford, 1921, sedan; license No. 118617 N. Y.; motor No. 48728.

Ford, autocrat truck; green; black wheels; marked on both sides "Atlas Express"; license No. 325066 N. Y.; motor No. 152694.

Maxwell, 1916, taxicab; green and white; brown wheels; license No. 000606 N. Y.; motor No. 76500.

## BOY OF 14, FEARING FOR LIFE OF MOTHER, KILLS HIMSELF

Found in Attic in Kneeling Attitude, Suspended by Rope From Gas Fixture, as Doctor Ushers Eleventh Child of the Family Into the World.

Crazed by the fear that his mother, who, he knew, was being attended constantly by a physician and a nurse, was about to die, O'Neill Dellacava, 14 years, took his own life yesterday afternoon in the attic of the Dellacava home at 4339 Furman avenue, The Bronx.

A few minutes before the boy's body was found, partly suspended by a rope from a gas fixture, the physician, Dr. Levine of Mount Vernon, left the house, having assisted the eleventh child of the family into the world.

For as long as Ralph Dellacava, the father, can remember, O'Neill was the mother's favorite. He spent most of his time in his mother's company and countless times every day declared his love for her. Sunday morning he heard some one mention Mother's Day and immediately he hurried to her room, pushed his way past the nurse and the doctor and gave her some flowers he had found in the back yard. She told him she would soon be better, but his grief over the fact that she could not leave the room to have every day with him sped itself in an afternoon of tears in his room in the attic.

Yesterday the boy remained around the house most of the time. He had been helping his father, a contractor,

but instead of joining him in the morning he remained in his own room and when all had gone but the nurse went to his mother and knelt by her bed. According to the nurse, the boy prayed for two hours and then kissed his mother and went to a nearby store to purchase some groceries. In the store he heard several women neighbors discussing his mother's condition.

"She might die," one of the women said. "That was the end of everything for young Dellacava. He hurried home and went to the attic. No attention was paid to him then, for the doctor was in the sick room and there were other things than a brokenhearted boy to keep the household busy."

About 4 o'clock, when the doctor was making ready to leave, some one thought it best to call the boy. He came, a cousin, went to look for him.

Yennella came rushing downstairs a moment later to call the doctor back. The physician accompanied Yennella to the attic. The boy was kneeling in the center of the floor, his hands joined together as if in prayer. A glance showed that he was strangled and that the thin bit of rope that led from his neck to the gas fixture alone prevented his body falling in a heap on the floor.

Until she is strong again, Mrs. Dellacava will not be told of her son's death.

## TWO BOYS DECLARE CHUM KILLED HATCH

Philadelphia Police Arrest Lads Who Tell of Fight at Delair.

PHILADELPHIA, May 9.—Two boys, arrested in their school classrooms to-day, confessed, the police say, that they were with a third and older boy who shot and killed Edward E. Hatch, wealthy brick manufacturer of Riverton, N. J., last Saturday, at his boathouse at Delair.

The boys, Walter Dasejewski, 13, and David Augustine, 15, both of Philadelphia, are alleged by the police to have named George Conn, 19 years old, as the slayer of Hatch. The police are searching for Conn in New York, where he was said to have told the other lads he would go.

In their account of the shooting, as described by the police, the boys said they sat in the canoe through which they were traced while Conn went ashore and entered Mr. Hatch's boathouse, where he was surprised by the owner.

Quoting the alleged slayer's account of the affair, Dasejewski and Augustine said Mr. Hatch grappled with him and accused him of attempting to rob the place. During the fight Mr. Hatch saw a pistol protruding from Conn's pocket and attempted to seize it.

Another struggle followed and the youth regained the weapon and fired two cartridges, both blanks. Then he ran for the canoe, pursued by Mr. Hatch. At the water's edge Mr. Hatch seized Conn, they said, and the latter ordered him to let go on penalty of death. They struggled until Conn was standing knee deep in water. It was then he fired the third and fatal shot. They declared the boy's pistol had been stolen earlier in the day.

The boys told the police they had gone muskrat hunting with Conn and had first paddled up Pensauken Creek. Later they retraced their steps and went to Delair.

## MRS. BORDEN OPPOSES PORTO RICO DIVORCE

Asks Injunction to Keep Suit in Rhode Island Court.

Special Despatch to THE NEW YORK HERALD.  
PROVIDENCE, May 9.—Justice Tanner in the Superior Court here to-day reserved decision on the prayer of Mrs. Avie Weed Borda for an injunction to restrain her husband, W. Enceslao Borda, from suing for divorce in Porto Rico.

Mrs. Borda also has sued for a divorce, alleging cruelty, non-support, desertion, gross misbehavior and wickedness in violation of the marriage covenant and her action in Rhode Island.

Avie Weed Borda and Enceslao Borda were married in New York in 1907 and lived for several years in Porto Rico, where Borda was United States Consul-General. She formerly was Avie Weed, sister of the second wife of William Sprague, civil war Governor of Rhode Island. In 1884 she was married to William Sprague, only son of the war Governor by his first wife.

Cpl. Gerritt S. Wheaton of Cincinnati and Washington was her second husband. The couple were well known in Narragansett Pier society.

**WET BLANKETS SAVE  
THIRTY HORSES IN FIRE**

Heads Covered, They Are Led Out From Burning Stable.

Thirty horses owned by the New York Transfer Company narrowly escaped suffocation last night in a fire in a building behind the company's garage and stables in 243 West Twenty-eighth street. The stables filled with smoke and it was necessary to cover the heads of the horses with wet blankets before they would become calm enough for hostlers to lead them out.

The fire caused serious damage to the second floor of the building in West Twenty-ninth street behind the garage and two alarms were sent in. It started in a paper box factory and spread to a laboratory on the same floor. Several thousand persons gathered to watch the flames and police reserves were called out to handle the crowd.

## G. O. P. MILITANT AT KOENIG DINNER

Every Speech Is Challenge to Tammany for Next Municipal Campaign.

### HARDING SENDS MESSAGE

Wadsworth Makes Address—Watch Presented to County Chairman.

The testimonial dinner to Samuel S. Koenig at the Hotel Astor last night not only celebrated the tenth anniversary of Mr. Koenig's election to the chairmanship of the New York County Republican Committee but resolved itself into an expression of militant Republicanism mobilized for the forthcoming Mayoralty campaign.

The ballroom of the Astor was crowded by friends of Mr. Koenig of every political faith. All Republican leaders of the city and many from out of town were present, while Tammany Hall expressed its admiration for its rival general through the presence of Tom Smith, Tammany secretary; Phil Donohue and others.

After Senator William M. Calder, Senator James W. Wadsworth, Representative Ogden Mills, Helen Varick Boswell, committee vice-chairman, and others had expressed the admiration of Mr. Koenig's friends, Charles E. Heydt, first vice-president of the committee, presented a watch to the chairman on behalf of the executive committee.

Telegrams of felicitation were received from President Harding, Gov. Miller, Postmaster-General Hays, Vice-President Coolidge, Chauncey M. Depew and many others. Senator Wadsworth described the occasion as the "greatest demonstration of its kind in New York."

From the moment Mr. Mills, who presided, made the first address, each speech was a challenge to Tammany for this fall. "Under Chairman Koenig,"

said Mr. Mills, "the strength of the Republican party has grown until I can say in all fairness to our Democratic friends that we are ready to meet them on equal ground."

"It has been suggested that on the eve of the Mayoralty election the Republican party might be actuated by selfish motives. The people of New York know that the Republican party will put the interests of the city above all other considerations, and they may rest assured that this will be done without the sacrifice of any of the spirit of militant Republicanism."

Senator Wadsworth congratulated Speaker Macchold of the Assembly upon the achievements of the Legislature and Gov. Miller in effecting a 9 per cent. reduction in the cost of State government, which, he added, was the first chapter of fulfillment of the Republican promises of last fall.

"This fall," he continued, "you have your municipal election. The whole country will watch the Mayoralty contest and its outcome is of importance to the entire nation. I feel certain that the way for the Republicans to conduct themselves in that campaign is with a degree of militancy never before equalled."

In no expression was there any hint of acceptance of the overtures of independence for a fusion ticket.

Miss Boswell assured Mr. Koenig that "the Republicans expect to redeem the city from Tammany Hall this fall, and the women expect to lend their hearts and hands to that end."

**VICTIMS EXAGGERATE,  
PICKPOCKETS COMPLAIN**

Cause Ill Feeling When Thieves Divide Loot.

GENOA, May 9.—The Chief of Police has received a letter signed "The Tramps Pickpockets Association" complaining that the persons from whom they abstract pocketbooks have "the dishonest habit" of invariably declaring to the police a much larger financial loss than they have really suffered.

The letter argues that such exaggerations are likely to cause unfortunate consequences and strained relations among the pickpocket fraternity, as when a member of the association turns in a few hundred lire when the loser claims to have lost thousands the pickpocket is suspected by his colleagues of having retained the difference.

The  
Twin-Six  
Touring  
Car

If your wish is for a car beyond whose excellence no step has yet been taken, be sure you see, and ride in, the Packard Twin-Six. In no other vehicle is so much power joined to such smoothness and quiet. In no other is so much speed knit to safety, so much beauty linked to strength, so much comfort yoked to style. The Packard Twin-Six is in all ways truly representative of a Company that for twenty years has held the quality of its product above considerations of price. Not in this country or elsewhere, will you find another vehicle in which efficiency and elegance are so expertly combined.
